REPORT OF TRUSTEES OF G. H. STOWELL FREE LIBRARY

To the Citizens of Cornish:

Library activities have decreased this year due to people having less time for recreation and their inability to travel. However, several groups of school children visited the library on Memorial Day; the June display of children's school work was very fine and enjoyed by visitors; and in November, Book Week was celebrated with an appropriate book display.

The trustees found the amount of Fire Insurance had not been raised in over ten years and was inadequate, so the amounts of insurance on the building were raised to $5200, and on the contents to $2200.

The extra amount allotted for librarian's salary was not used as the selectmen were unable to obtain the services of a physician to hold office hours at the library.

We decided not to purchase blackout curtains for the library, for lights are on only a few hours each week and in case of air raid warnings, at such a time, could be turned off immediately.

Realizing working hours and gas rationing has made it impossible for some to reach the library, we suggest you send a card to the librarian with your request of any books available and she will send them to you. Don't forget to check the list of new books following this report and see if you have missed any of the splendid books we have acquired.

Following are the circulation statistics:

Total visitors at library	1,324
Books loaned at library	2,456
Books loaned to schools	453
Books loaned to South Cornish Community	191
Magazines loaned to library	550
Magazines loaned to schools	37
Magazines loaned to South Cornish Community	4
School borrowing most books for the year was Cornish Center	109
Books loaned by the State Library	10
Books loaned from Bookmobile	110

We wish to thank the following for gifts: Mrs. Du Pont, Tea and Coffee; Trade Journal, N. Y., Mrs. Robert Penniman, Mrs. Robert Barrett, Mr. Ralf Brown, Mrs. Charles Weld, Mr. W. Beaman, Mrs. S. B. Gordon, and the estate of Mrs. Martha Hardy.

Respectfully submitted,

ABBIE W. WHITE,
GRACE G. WELD,
SELMA U. LOVEJOY, Trustees.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Cornish, N. H., qualified to vote in District affairs:

You are hereby notified to meet at Cornish Town Hall in said district on the 6th day of March 1943, at 2 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose three members of the School Board—one for the ensuing three years—one for the ensuing two years and one for the ensuing year.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officers and fix the compensation of any other officers or agents of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To transact any other business that may legally come before this meeting.

Given under our hands at said Cornish this thirteenth day of February 1943.

JESSE B. DEMING,
KATHERINE PUTNAM,
SELMA LOVEJOY,
School Board.

A true copy of warrant—attest:

JESSE B. DEMING,
KATHERINE PUTNAM,
SELMA LOVEJOY,
School Board.

SUPERINTENDENT'S REPORT

To the Cornish School Board:

You have been fortunate again this year in holding four able teachers in their positions, Mrs. Winifred Barton at the City School, Mrs. Charles Sullivan at the Flat School, Mrs. Marjorie Kidder at the South School and Mrs. Jane Dahms at the River School. The Tracy School is being taught by Mrs. Eva Bernard, who is well known in that district and the Center School is taught by Mrs. Ida A. Millan with both experience and ability.

Teaching is hard work and it is especially hard in schools with eight grades to keep the pupils, work progressing to modern requirements, prepare each day's work and correct papers.

The shortage of teachers is alarming. Patriotism and higher salaries have called many from the teaching profession to other fields. It is expected that many will stop teaching as soon as their contracts run out in the spring. I recommend if possible we hold the same faculty for next year.

Financially, teachers have been hard hit. Teachers' wages always have been low, in comparison to the years of study and expenses required to prepare for their work. According to a study made by the N.E.A. the cost of living already has risen 19% since the war began, but food 35% and clothing 25%. The wages of factory workers have gone up 59% and teachers' salaries only 7%. Another inducement that kept teachers in their position before 1939 was that they had no income tax to pay.

Transportation is another serious problem. The cost is higher and it will soon be hard to find good drivers. Without transportation, however, we would be forced to open up large numbers of small schools with the difficulty of finding teachers.

Books are in good condition and teachers can get along with less supplies than would be desirable. Unless new homes are built we will not need new furniture.

I appreciate the help and sympathy that I received from the School Board, the teachers, and pupils during my sickness. I am sorry for the inconvenience brought to them and wish to thank them for the extra work they so willingly have done.

Respectfully submitted,

WALTER L. MASON,

Superintendent of Schools.

REPORT OF SCHOOL NURSE

January 1942 to January 1943

School health activities tend more and more to spread from school proper into the home and community. It is now taken for granted that various infectious diseases and defects of eyes, ears, teeth, nose, throat, general nutrition, posture, speech, etc., form the chief object sought in routine health inspection. Experience teaches that many of these and other important irregularities are traceable to circumstances and conditions which parents do not recognize as unhealthful. Also that measures necessary for the correction of these and other unfortunate sources of health disturbance often lie chiefly in the hands of the parents.

The nurse and teacher by training and experience become able to recognize these causes and often to suggest corrective measures necessary. They may, therefore, in cooperation with the parents be of great service. Both nurse and teacher welcome these opportunities for service.

During the year I made 57 visits to the schools and on 29 occasions have visited pupils.

I have taken one pupil to the eye clinic in Hanover and another to the tuberculosis clinic.

Number of pupils in whom defects were found and reported to parents		Results
Defective teeth	40	28 corrected
Faulty vision	12	6 corrected
Poor posture	19	6 improved
Faulty nutrition	19	6 improved
Nervous habits	4	2 corrected
Enlarged tonsils	11	5 corrected
Pediculosis	9	9 corrected
Not vaccinated	5	

Respectifully submitted,

ZEPHYRINE L. HASHAM, R. N.
